

# EMERGENCY EXIT PLAN

## IN CASE OF FIRE:

If you detect smoke or fire call fire Dept. 911

Give your exact location and your apartment number and tell them what is burning.

If the fire is **INSIDE** your apartment and you cannot safely extinguish it:

Evacuate the area. Close all doors as you leave. **TAKE YOUR APARTMENT KEY.** Activate Fire Alarm in corridor.

If the fire is **OUTSIDE** your apartment, feel the door.

A. If it is hot **DO NOT OPEN IT.** Seal the bottom of your door with wet towels to keep the smoke out. Wait for further assistance or instructions.

B. In the event of the Fire Alarm sounding: The fire chief advised that residents stay in their apartments unless fire or smoke is seen. If it is necessary to evacuate, the fireman will advise you, in addition to helping the handicapped from the apartments and the floors.
